Feb 2024 – Jul 2024

Freelance

Remote

- Developed marketing strategies for 10+ clients, including cafes, restaurants, and psychologists, driving a 15% increase in customer engagement.
- Managed social media content calendars, resulting in a 20% increase in brand visibility and 10% follower growth across platforms.
- Ran successful ad campaigns, achieving a 25% improvement in ROI through performance tracking and optimization.
- Consulted with clients to align marketing with business objectives, contributing to a 15% boost in sales.

Projects

Learnify: Streamlining Access to Academic Resources for Students / *(React.js)*

Aug 2024

- Learnify revolutionizes academic resource sharing by providing a user-friendly platform for students to find and share categorized resources like previous year question papers and study notes. With a responsive interface and simulated backend functionality, it enhances accessibility and promotes collaborative learning.
- Developed Learnify, a React.js-based prototype, focusing on a user-friendly interface for academic resources.
- Implemented a JSON Server to simulate backend functionality for uploading and downloading materials.
- Utilized HTML, CSS, JavaScript, Tailwind CSS, Bootstrap, and other UI libraries for a responsive design.
- Created JSON files to categorize courses by year and program for 10+ courses.
- Completed the prototype independently within 2 months, showcasing strong project management and technical skills.

BlogNest : Share your Thoughts Into Ideas/ *(React.js)*

Sept 2024

- Developed BlogNest, a dynamic blogging platform prototype using React.js, Tailwind CSS, Bootstrap, and JSON Server.
- Implemented full CRUD functionality for managing blog posts, allowing users to create, edit, and delete content.
- Designed a responsive and visually appealing interface, ensuring a seamless user experience across various devices.
- Deployed on Vercel for fast and smooth access, enhancing user satisfaction.
- Completed the prototype independently within a 2-month timeframe, demonstrating strong technical and project management skills.

Technical Skills

Programming & Markup Languages: HTML, CSS, JavaScript

Frameworks & Libraries: React, Tailwind CSS, Bootstrap

Version Control & Tools: Git, GitHub

Additional Courses & Certifications: Web designing & development by CS & IT Department of the Doaba College, Web Development by YHills, JavaScript Algorithms and Data Structures (Beta) by freeCodeCamp, Responsive Web Design by freeCodeCamp, Content Marketing by HubSpot Academy, Mastering YouTube Search Trends and SEO Strategies by Semrush, Digital Marketing by HubSpot Academy.
